

Kumamoto Earthquake Disaster—Please Donate to Help Our Member Zoo

Date : 2016/04/17

JAZA wishes to offer its condolences for the people killed in the disaster and their families, and express sympathy for the numerous people affected.

The member institutions of Japanese Associations of Zoos and Aquariums in the region have sustained considerable damages and have been working to restore their respective operations. The relief activities by other member zoos and aquariums of JAZA to send feeds and to receive the animals that require temporary homes are already in motion.

JAZA is now accepting donations to help the affected member zoo.

The lives and welfare of the human victims are the first priority but the animal lives must be saved as well. Everyone involved is extremely grateful to those who provide everyday support for the zoos and aquariums. At this time of emergency please donate and help the animals and the JAZA colleagues get through this difficult time.

Sincerely,

Kazutoshi Arai
Chair
